A CLOSET FOR LIFE

A closet from Elfa can be planned in detail to meet your specific needs. In addition, it's durable, made to measure and easy to adapt as life changes.

INTERIOR

With Elfa you can assemble on wall or place on floor. There are two wall based systems: Wall hang and Wallband, and two floor based: Freestanding and Drawer system.

You can always combine the systems depending on how your space is designed.

Systems, page 10

Fill your systems with the interior that suits your needs. Choose from a variety of components, finishes and styles to create your own truly customised solution.

Interior, page 13

QUICK START WITH READY SOLUTIONS

We have gathered some inspirational closet ideas in different sizes. An easy way to start planning your closet.

INTERIOR EXAMPLES, page 34

PLAN YOUR STORAGE

HOW TO CREATE EASY ACCESS AND A GOOD FUNCTIONAL STORAGE.

GRAB 'N' GO

Place the things you use often at a height that is easy to reach.

USE THE SPACE

Make sure you have space for long robes and shorter jackets. And ensure you make full use of the space under hanging clothes.

FREE SURFACE

Create an open spot for things you need to find easily every day. A narrow shelf, easy reach hooks and a solid shelf creates a supportive spot to unload/reload your everyday use.

STORE HIGH AND LOW

Place the things you use seldom in a way where they do not take valuable place from your everyday use.

SEE-THROUGH

Shallow baskets makes it easy to find what you are looking for.

Use gliding units where your visibility is limited and where it's difficult to have a natural overview.

FIRST 3 STEPS:

1.
WHAT,
WHERE

2.
MEASURE

3.
DOORS?

1. List your storage needs. What things would you like to store and where in your home?

2. When you have decided where to place your storage solution, you need to measure the space thoroughly. Height, width and depth.

3. Consider if you would like sliding doors to cover your interior since this will effect the planning of your interior.

When these steps are covered you can start the planning in detail.

PLAN YOUR STORAGE

GET TO KNOW SOME OF OUR SMART STORAGE DETAILS.

TOP TRACK

Everything hangs on the top track. This is the only part you need to screw into the wall.

CLOSET ROD HOLDER

Holds the closet rod. Attach in bracket.

CLOSET ROD

Rod to attach in holders under shelf.

CLICK-IN BRACKET

Attach to hang standard. Combine with storage functions through clicking them in between two brackets.

DIVIDERS

FOR WIRE SHELVES
Divider to attach upon or under a wire shelf. Makes your things easier to organise.

SHELF HOOK

Hook to attach under a wire shelf brings extra and easy access storage.

CLICK-IN

MELAMINE SHELF
Solid shelf in melamine gives a functional unloading space.

BRACKET COVER

Attach upon bracket between two gliding functions. Protects from dirt falling into the bracket and creates a more finished look.

MESH GLIDING SHOE SHELF

Gliding for easy access. Holds 6 pairs of shoes. Suits both high heels and sneakers. Available 2019.

TOP TRACK COVER
Covers the screws and creates a finished look.

HANG STANDARD
Hang on to the top track. Brings flexibility to build and create storage adapted to your needs and space.

WIRE SHELF
Shelf in wire gives ventilated storage. Combine with shelf dividers and shelf hooks for functional storage.

VALET ROD
Suitable for hanging clothing when depth is limited or to expose your favourites.

GLIDING MESH DRAWER
Gliding basket in mesh. Ventilated storage that keeps clothing fresh. Available in 3 heights.

DIVIDERS FOR MESH DRAWERS
Divides your drawer space and helps make your storage easier to organise.

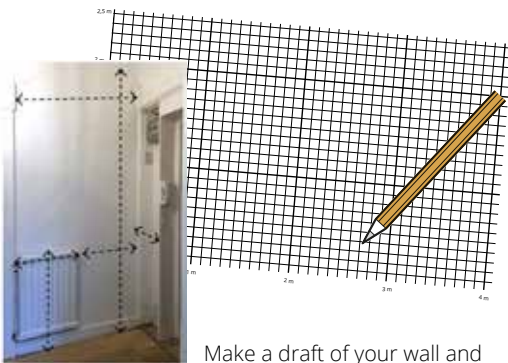

GLIDING PANT RACK
Pull-out rack. Gives a good overview of your skirts and trousers.

PLAN YOUR STORAGE

HOW TO MEASURE FOR INTERIOR

PLAN ON PAPER

Make a draft of your wall and write down all measurements. You can also take a picture of your wall. Bring it to your dealer and they will help putting everything together.

PLAN AT ELFA.COM

Use our 3D planning tool to plan your own unique storage solution. Note! You need to register to be able to save your planned solution.

READY SOLUTIONS

Choose one of our ready solutions to start your closet.

INTERIOR, page 34

ELFA SYSTEM

FOUR WAYS TO ASSEMBLE

WALL HANG

WALL BASED

A wall hung system based on a top track with hang standards. Flexible and easy to assemble.

Combine with Classic, Décor and Utility for a complete solution.

Page 11

WALLBAND

WALL BASED

A wall mounted system based on wallbands screwed to the wall. Perfect for use under sloping ceiling or under staircase.

Originally developed for our classic bookshelves but can also be combined with Classic, Décor and Utility.

Page 11

FREESTANDING

FLOOR BASED

Freestanding is assembled without any tools and leaves no screw holes in the wall. Can be placed in front of a window or in confined spaces which have sloping ceilings. Perfect as a room divider or when the walls are not suited to carry weights.

Combine with Classic, Décor and Utility for a complete solution.

Page 12

DRAWER SYSTEM

FLOOR BASED

A floor based system based on frames, crossbars and drawers.

Combine with accessories for drawer system.

Page 42

WALL HANG

A versatile system where the only thing you screw onto the wall is the top track. The hang standards are then hooked onto the track.

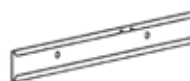

WALLBAND

Permanent solution with wallbands.

Mount with screws in the wall.

Top track

Width	Screw hole	Art. no.	Colour
1050 mm	7	421110 421180	white platinum

2236 mm	6	402210 402280	white platinum
2396 mm	6	402410 402480	white platinum

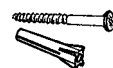

Standard cover

To be mounted on the Hang standard and Wallband to hide the slots.

Description	Art. no.	Colour
4224 mm (roll)	427410 427480	white platinum

Installation accessories

Description	Art. no.	Colour
Screws and plugs, for concrete, brick and wooden walls. TFX, 4.8x64 mm, pkg/10	470696	zinc-plated.
Drywall anchor, Wall thickness from 9-26 mm, pkg/5	471890	zinc-plated.

FREESTANDING

Freestanding is assembled without any tools and leaves no screw holes in the wall. Yet it is stable enough to store everything you want and can be placed anywhere you like - e.g. in front of a window or in confined spaces which have sloping ceilings.

INFORMATION

- Module based freestanding system in three widths. cc 451 mm per section/cc 607 mm per section/ cc 902 mm per section.
- Single or double sided.
- Combine with Classic, Décor and Utility for a complete solution.

RECOMMENDATION

GLIDING FUNCTIONS WITH WALLBANDS
For gliding functions we recommend that you use the top track and hang standards alternative Freestanding for easier assembly and to maintain flexibility in your storage.

If you still want to use wallbands it is important that you have the exact CC dimensions according to the table below.

WIDTH 45 Sections excl. closet rod						CC=451 mm
Sections	1	2	3	4	5	
Total width (mm)	476	927	1378	1829	2280	
WIDTH 60 Sections excl. closet rod						CC=607 mm
Sections	1	2	3	4	5	
Total width (mm)	632	1239	1846	2453	3060	

INFORMATION

GLIDING DRAWER FRAME The Gliding drawer frame enables drawer storage in your wallhang system. Easily installed between two brackets.

Solid translucent drawer with lid.
Fits both seasonal storage and consumables.

Combine different type of drawers to suit your storage needs.

Find brackets for above products on page 15.

INFORMATION AND TIPS

CHOOSE INTERIOR DEPTH

Brackets, shelves, etc. can affect the dimension of the depth. This means that the total depth depends on what components you choose.

INTERIOR IN A CORNER

We recommend wire shelves or a closet rod in the corner for such a neat solution as possible.

REMEMBER to buy the Bracket cover and Center bracket cover that gives the bracket a complete appearance and hides the exposed sides of your bracket.

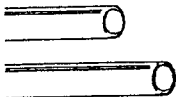

CUT TO DESIRED LENGTH

Wire shelf, wire shelf basket and closet rods can be cut to desired length.

TRANSPARENT SHELF LINER prevents small items from falling between the wires.

- The liner helps avoiding marks from the threads on the clothes.
- It offers new storage options for books and binders.

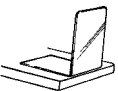

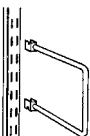

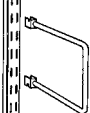

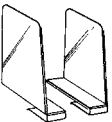

ACCESSORIES INDEPENDENT OF DEPTH

UTILITY DOOR AND WALL RACK

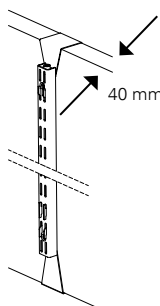

Make use of otherwise wasted space on the back of a door. Quickly install over your door with overdoor hooks - no tools required. Then, customise your solution with baskets and racks of different sizes. You can also screw a wallband directly on the wall. Minimal space - maximum function.

ASSEMBLY ON WALL

Wallband		Width: 25 mm Depth: 16 mm		
Height	Screw hole	Art. no.	Colour	
316 mm	2	400310 400380	white platinum

	Medium 104x70 mm	333190 333188	white platinum	
	Large 134x140 mm	333090 333088	white platinum	

THE BEAUTY OF THE TOP TRACK

TWO SMALL NOTCHES

Attach top track with the small notches up. They allow the hang standards to be inserted properly.

THE FOLDED EDGE

Prevents the hang standards from jumping off the track if pushed.

SECURITY MARGINS

We recommend that you place the hang standard 50 mm from the end of the top track when placed on an open wall.

We recommend that you place the hang standard 10 mm from the end of the top track when placed between walls.

INSTALL

You will need:

- ☒ Level
- ☒ Drill
- ☒ Screwdriver
- ☒ Screws

1. START WITH THE TOP TRACK

The only thing mounted to the wall is the top track!

Attach top track with the small notches up. Use a level for a straight result.

Top track can be cut to desired length. Add the required security margin before cutting.

2. HANG STANDARDS

Place hang standards onto the top track, using the small notches, and drag into place.

3. BRACKETS AND INTERIOR

Hook brackets in place. Choose from dozens of shelves, baskets, shoe racks and other smart features.

Assembly guide/video at elfa.com

WEIGHT FACTS

WALL HANG SOLUTIONS

An Elfa wall hang solution is based on sections. A section is the area created between two hang standards. NOTE! Each section is designed to hold 200 kg load.

Make sure not to overload each product and to place your load evenly.

Find each product maximum load in the list.

These recommendations are based on your wall being without defects. It is your responsibility to secure the condition of the wall and that it can withstand the load that will be applied.

- The recommendations requires that you use our assembly instructions.
- The recommendations also requires that you use the screws and plugs recommended for your wall type, see the recommendations in our assembly instructions.
- NOTE! The recommendations are based on you placing your storage evenly on each product.

See our assembly instruction for top track and wall band at www.elfa.com.

TYPE OF PRODUCT	MAX RECOMMENDED LOAD
UTILITY HOOKS	
Utility track hooks 	22,5 kg
Utility home hooks for storing board 	2,3 kg*3 kg
Utility garage hooks for storing board 	2,5 kg
Utility accessory hook 	3 kg
Utility slim hook 	2,3 kg
Utility basic hook 	3 kg
EXPANDABLE VALET ROD	
Expandable valet rod 	7 kg

QUICK START WITH READY SOLUTIONS

INTERIOR EXAMPLES

START YOUR ELFA CLOSET AS EASY AS 1-2-3

1. Select

Pick one of the ready solutions.

2. Buy

Bring the pick-list or art. no from your chosen solution to your local store.

3. Install

Our products are easy to install. Get the hang of the wall hang system; assembly instructions on page 32 or watch one of our videos. You will find assembly instructions for interior at www.elfa.com

TOP TRACK
Can be cut to desired width.
Please consider recommended security margins.

HANG STANDARD

BRACKET
Supporting the interior.

INTERIOR COLOUR:
All solutions are available in white and platinum.

INTERIOR WIDTH/SECTION:

45 **60** **90**
= 451mm = 607mm = 902mm

The sections consist of fixed widths - here illustrated with symbols 45, 60 and 90.

INTERIOR
Ex. shelf, basket, rod.

SECTIONS WITH CUTTABLE PRODUCTS

Top track, wire shelves and closet rods, are all cuttable. Storage sections containing only these products can be cut to fit exactly to your space width.

This solution is based on Elfa wall hang system for 2400 mm floor-wall height and 470 mm depth.
Note! Clothes on hangers on the rod will increase the depth to 600 mm.

DRAWER SYSTEM

INTERIOR FOR ALL
YOUR UTILITIES

Our drawer system is stable, stylish and smart. It is available in several widths and heights and can be combined to meet all storage needs.

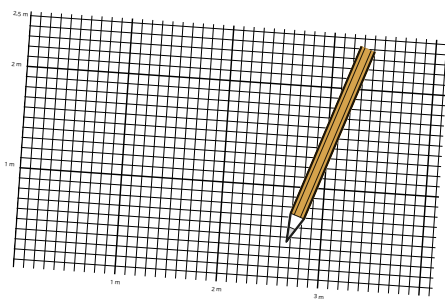

CHOOSE FRAMES AND DRAWERS

Your frame choice decides the drawers height and width. How many drawers can fit in the drawer system is determined by the drawers height and number of runners.

PLAN ON PAPER

Make a draft of your storage space and write down all measurements. Height, depth and width. You can also bring a picture to your dealer and they will help putting everything together.

PLAN AT YOUR DEALER'S

Your dealer will help put everything together in their planning tool.

PLANNING GUIDES

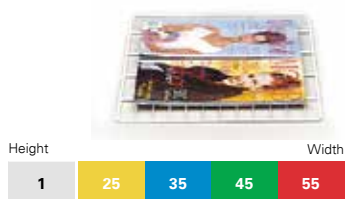

INTERIOR, Page 8.

DRAWERS FOR DIFFERENT NEEDS

Your choice of frame determines the drawers' depth and width.

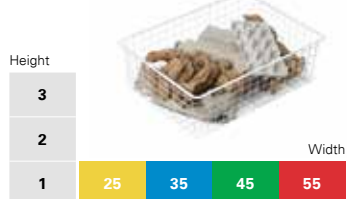

FLAT SHELF

Depth: Standard

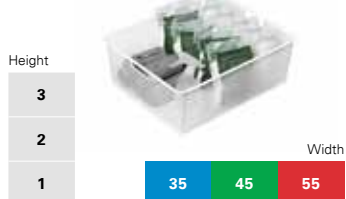

WIRE DRAWER

Depth: Standard, Mini

MESH DRAWER

Depth: Standard

SHOE SHELF

Depth: Standard

INFORMATION

Choose drawers with the same colour code as the crossbar. The crossbars decides the width of the drawer system.

BUILD YOUR DRAWER SYSTEM

Choose depth and height

The depth and height of the drawer system depends on the frames.

Depth: 435 mm and 535 mm

Height : 440 mm (4 runners)
740 mm (7 runners)
1040 mm (10 runners)

The crossbars (basic kit) decides the width of the frame

Width: 25, 35, 45 and 55 cm

Use frame clips to hold the drawer frames together.

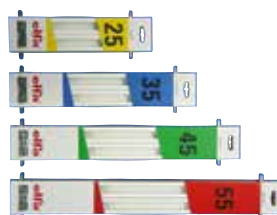

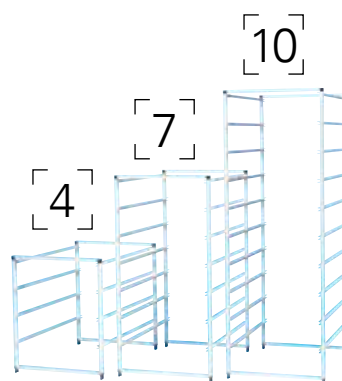

Frame clips, pkg/4

Use crossbars (extension kit) when assembling a frame on top of another frame.

Width: 35, 45 och 55 cm

Your frame choice decides the drawers height and width.

Width: 25, 35, 45 and 55 cm

1
Drawers that are 85 mm deep occupy 1 runner in the frame.

2
Drawers that are 185 mm deep occupy 2 runners in the frame.

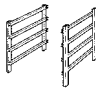

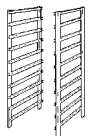

3
Drawers that are 285 mm deep occupy 3 runners in the frame.

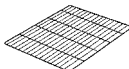

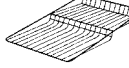

DRAWER SYSTEM STANDARD - DEPTH 535 MM

NOBODY KNOWS STORAGE BETTER

You can always find new things to organise. And you can always rely on Elfa for the accessories needed to help you out. Smart, stylish and easy to assemble.

CLOSET ROD HOLDER FOR FRAME TO FRAME. The closet rod fits to the drawer system using a frame bracket. Frame to wall version is also available.

SIDE BASKET. Basket that can be mounted on the sides of an Elfa drawer system or straight onto the wall.

UNIVERSAL RUNNERS. Kitchen cupboards and other spaces can be fitted with smart universal runners to optimise drawer space.

CASTORS. Put wheels on your storage, making it more versatile and easier to move.

IN AND OUT STOPS. Prevent drawers from pulling out too far.

SHELF CLIPS. Extend your storage by installing wire shelves between the drawer frames.

BRACKET COVER. Get an even nicer storage solution by mounting bracket cover on the edge of the brackets.

CENTER BRACKET COVER. Cover the bracket between two gliding functions, to get a clean look.

STANDARD COVER. Flexible plastic band to give a more discreet look to your Elfa Classic storage solution. Choose white or platinum colour.

BOOK SUPPORT. Organise your books with our different book supports.

MESH DRAWER DIVIDER. Available for both Décor and Classic mesh drawers in two heights and in two colours: white and platinum.

DIVIDER FOR SHELF BASKET. Use on each end and/or divide the shelf basket into sections.

DIVIDER FOR WIRE SHELF. Separates the items you want to stack: sweaters, towels, linens, bags etc.

EXPANDABLE VALET ROD. Suitable for narrow storage. Place the outfit of the day or dry children's overalls on the rod.

SHOE STORAGE. Get easy access to all of your shoes. Adapt your solution after your shoe type.

CLOSET ROD HOLDER. The design means you don't need to remove the shelf to change the position of the closet rod.

VALET ROD. Use to hang your shirts and jackets if space is limited in depth or to expose your favourite clothing.

GLIDING PANT RACK. Create easy access and keep your trousers in great condition.

DÉCOR ACCESSORY TRAY. A smart way to get your accessories beautifully organised.

BRACKET HOOK AND BRACKET TRAY. Mounted on the edge of a bracket. Suitable for storage of keys, mobile phones, jewellery, bags etc.

DOOR AND WALL RACK. A practical storage system that is fixed in place without damaging the door.

CLICK-IN MELAMINE SHELF. Place on the side of any Classic range product and create a solid storage surface.

DEEP SHELF/NARROW SHELF. Mount a deep shelf at the bottom and a narrow shelf above it and your boots will fit perfectly!

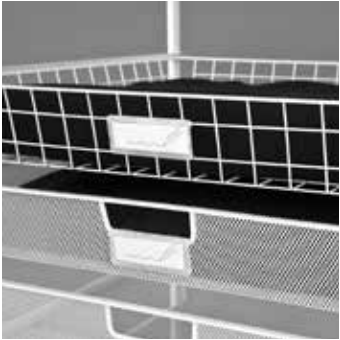

GLIDING DRAWERS 30-DEPTH. Optimise your limited and narrow spaces and get easy access to your things with gliding storage functions.

SHELVES AND HOOKS. Place at a height that children can reach.

GLIDING SOLID DRAWER. Seal your storage in solid drawers with a lid and keep your things in great condition for next season.

LABEL HOLDERS. Gives an overview of your stored things. Available in different sizes for drawers, shelves and boxes.

MESH GLIDING SHOE SHELF 40-DEPTH
For 6 pairs of shoes, with or without heels. Available 2019.

Our warranty covers any defects in materials and workmanship under normal home use for ventilated shelves, brackets, standards, hang tracks, drawers, frames and movable components in sliding doors.

Terms and conditions

Application of this price list requires a written agreement between Elfa International AB and the customer. All terms and conditions regulating the business between the parties shall be stated in this agreement. We reserve the right to change prices and product items without prior notice. During the printing process some colour variations may occur.
